# Introduction

We aim at building a platform that makes things easier. Businesses can avail the convenience of user-friendly interface.

**A configurable and all-in-one remittance platform for businesses.**

Money transfer has become a household necessity, as migrations have increased and the demand for money transfer software has grown as remittances have increased. With the right technology, your business can handle your money transfer needs effectively and efficiently.

# The company

AccuMExS is conceived and developed by CODEPOINT Solutions team with over two decades of experience in the Middle East Remittance Market holding extensive knowledge regarding various compliance regulations and Central Bank requirements.

Savvying the requirements of the Central Bank, ensuring a smooth transaction, knowing the shortcomings of the current products in the existing market, we are always one step ahead. Apart from the vast experience and knowledge, the team holds respect, having won the hearts of the customers in the Remittance Market.

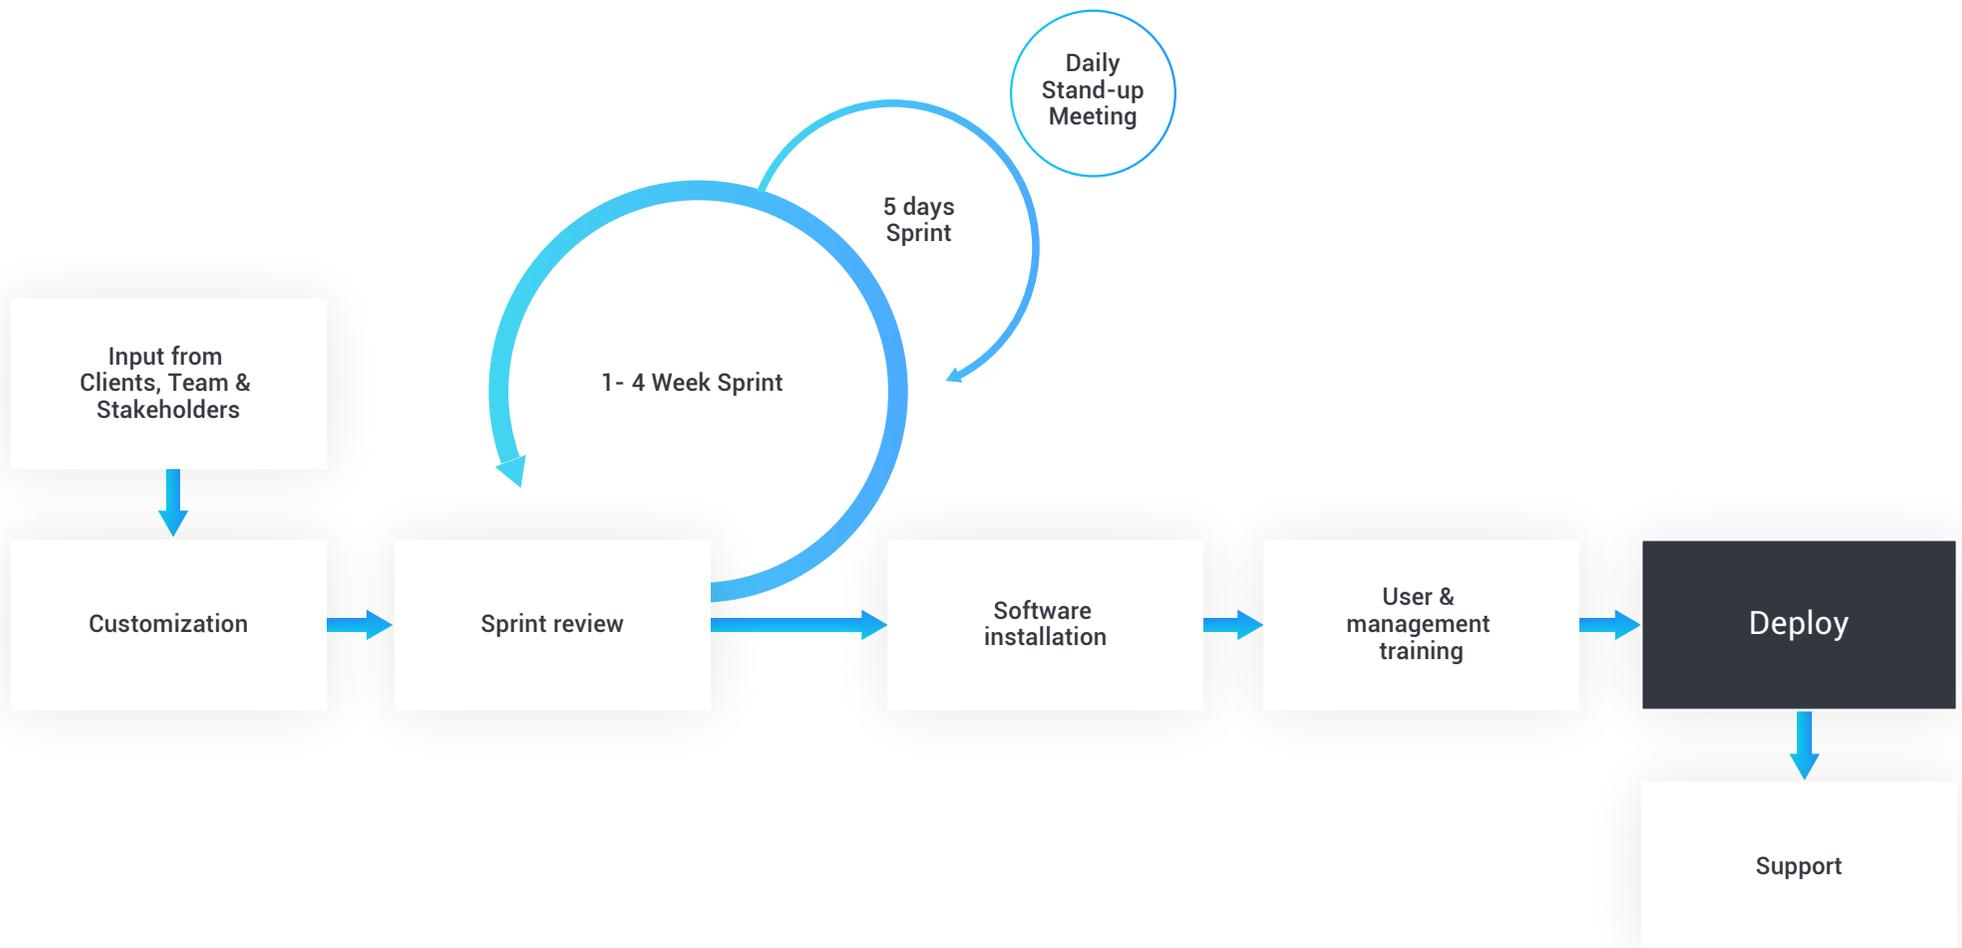

Our team is confident to provide the Remittance Market with the best possible Accurate Money Exchange System (**AccuMExS**) covering all that is lacking in the current Remittance Market.

---

As we continue to chase the latest development and improvements in the remittance market, we foresee that the next era will see a number of remarkable changes and improvements.

We strive to adopt to the latest technologies, and seek the best, fastest, and safest ways to meet the needs of our clients.

# Project flow

# Our team

## Chief Product Officer

A qualified financial controller, with over 25 years of expertise in the remittance market.

Being the pioneer behind the first Money Exchange System in the Middle East Remittance market, our CPO holds high regard among the clients in the remittance market.

## Chief Executive Officer

With an extensive background of 25 years in the service industry and a proven track in remittances spanning fifteen years, he holds a high reputation and respect in the remittance industry. His accomplishment in the service industry has been well appreciated and awarded globally.

With an in-depth understanding of the regulations, AML, and risk policies of different countries, he has assembled a team of professionals with more than two decades of experience in remittances to develop and introduce the Accurate Money Exchange Solution (AccuMExS) catering to the market needs.

His key qualifications emphasize his ability to oversee the executive leadership, maintain public relations for the company, and effectively manage teams of great size and complexity across the globe.

## Our founding team

# Our team

## Our founding team
